EDUCATION

Adamjee Cantonment College

HSC GPA - 5.0/5.0

2023-2024

Adamjee Cantonment Public School

SSC GPA - 5.0/5.0

2022-2023

PROJECT

Prerona - Full-Stack Social Image Sharing App

2025

A Pinterest-inspired digital pinboard app built with Next.js 15, MongoDB, NextAuth, and Cloudinary. Users can create, edit, and delete image pins with captions, like/comment on pins, follow/unfollow others, and manage profile info. Integrated full-text search, password reset via email, and secure auth using JWT & bcrypt. Designed for performance and aesthetic with Tailwind CSS and shadcn/ui.

TypeSafe REST API - Secure Node.js Backend with JWT & Prisma

2025

Built a modular RESTful API using Node.js, Express, and TypeScript, with JWT auth stored in HttpOnly cookies and Prisma ORM (MySQL). Supports full CRUD for posts, protected routes via middleware, and follows MVC structure. Focused on type safety, secure cookie handling, and clean backend architecture — ideal as a starter for scalable web apps.
